

Individualized Attention

CHORE-TIME®

Maximum Results

Chore-Time's Farrowing Sow Drop Feeder eliminates overfeeding of sows, stale feed, and feed waste. Sows can be individually and accurately fed at any time while still automating the transport of feed to each pen. Using the Chore-Time feeder to feed smaller portions of feed more frequently also results in better milk production. The feeder can be used with either Chore-Time's FLEX-AUGER® or MULTIFLO® Feed Delivery System.

Product Features and Advantages

- Eliminates the need for a flexible tubing attachment
- Feeder incorporates a fill system outlet drop with Chore-Time's unique swivel joint which allows the feeder to swing out of the way between feedings
- Reliable locking linchpin eliminates the need for mounting screws
- Chore-Time's Farrowing Drop Feeder features easy-to-read half-pound calibrated increment markings and holds up to 11 pounds (5 kg)
- Indicator ring on each feeder can be set to display how much feed was fed at the previous feeding
- Clear plastic feeder provides an easy view of the feed inside
- Each feeder is carefully formed using durable, corrosion-free plastic with ultraviolet inhibitors for longer life
- Feed release mechanism is spring-loaded to help prevent feed waste
- Works with any of Chore-Time's Stainless Steel Farrowing Crate Feeders
- Fully automated Chore-Time feeding systems are also available – see your Chore-Time distributor for details

Warranty and Service

Chore-Time's hog systems are backed by a generous warranty and by a worldwide network of trained technical service and distributor professionals.
