

AQUA TUBE® Feeders for Hogs

CHORE-TIME®

Get the benefits of tube feeding at “dry feeder” prices for nursery and wean-to-market hogs with Chore-Time’s AQUA TUBE® Feeders. These combination feeders are double-sided, easy-to-install and operate, and require less maintenance.

Product Features and Advantages

- Hogs get fresh feed several times each day.
- Ideal for center-pen or fence-line feeding configurations.
- Top quality welded Type 304 stainless steel construction of fence, trough and drinking system.
- Feed saver lip on feed trough helps prevent feed waste.
- Optional 100-pound (45-kg) capacity plastic feed hoppers handle a full range of feeds, from finely ground to pelleted feeds.
- Eliminates guesswork by offering convenient and precise top adjustment using clearly marked feed settings.
- Allows hogs to move easily from feed to water at the same station without side restrictions or barriers.
- Advanced trough design helps to reduce clogging due to moisture and keeps feed contained.
- PVC feed tube with feed agitation spinner reduces feed dust to help save hours of cleaning time.
- Self-cleaning recessed water cup with nipple drinkers keeps water fresher and increases water accessibility while minimizing water waste.
- Easy installation.
- One of the easiest-to-clean tube feeders available.

ATH2C2X48 AQUA TUBE® Feeder with optional 100 lb. hoppers
